### **Audio Escape Room**

Try this new and unmissable Escape Game format. This was originally designed to be played in the car, in transport or at home on your smart speakers.

You will discover very unusual and surprising places: an abandoned hospital, a haunted mansion, the Orient Express, a pyramidion, an oasis, a kofun, a fort on stilts, a safe of seeds, a secret base. All located around the world.

Live the adventures in beautiful graphics and in immersive and even stressful soundscapes.

Resolve the puzzle and discover the real place of the Escape Room.

You have 3 minutes to get out of each Escape Room. You can be helped by a clue in each of the puzzles.

Be careful, each clue will cost you time (30 seconds) and reduce your chances of finishing at the top of the rankings.

You can also ask the answer to the puzzle, but this will destroy your chances of finishing the Escape Room on time (it will cost you 1 minute)

Game Price: Free

Devices: iOS and iPad OS Version: iOS 15
