

2019 Product Catalog

Your purchases changes lives and creates opportunities for people who are blind or visually impaired.

ifbsolutions.org | 800-242-7726

IFB Solutions was founded in 1936 with just six employees who were blind. Today, it's the largest employer of people who are blind and serves hundreds of people who are blind and low vision in the communities in which it operates.

OUR VISION

To be America's leader in building life-changing opportunities for people who are blind.

OUR MISSION

IFB Solutions provides opportunities for people who are blind or visually impaired in need of training, employment and services. We believe all people who are blind or visually impaired have the right to succeed in every area of life.

7510-00-782-6275	8.75" x 11.75" Envelope, Transparent	Package of 25

SKILCRAFT® Disposable Restraints

SKILCRAFT Disposable Restraints utilize a patented double lock system. Once applied and tightened around the wrist, push in the locking clip for extra safety and permanent strap hold. This feature also helps prevent accidental over-tightening during a struggle or transport and completely eliminates locking mechanism tampering. The extended straps can then be used to guide and control the prisoner.

- Unique rubber-based polymer & design combination provides resistance to extreme temperatures, both hot and cold, and resistance to stress cracking vs. standard nylon
- Made with a double lock to help prevent accidental over-tightening, reducing liability; virtually impossible to shim, pick or disable double lock
- Disposable - eliminates need to track down and clean metal cuffs after each arrest
- Ability to safely control suspects with MRSA or other blood-borne disease
- Cuff Cutter is a safe cutting tool with a recessed blade that can easily cut the restraint without injuring the suspect
